Application: Data Science job

To: Expertise France

Dear Hiring Manager,

I am writing to express my strong interest in the Data Science role at the Expertise France. I believe that my background in software engineering and my current graduate studies in a Master of Science in Information Technology with a specialization in Data Science and Machine learning make me fit for this role.

Throughout my undergraduate studies and experience, I have honed my technical skills and developed my understanding of Data Science. I have also been able to apply these skills to various academic projects that have prepared me to solve real-world problems. My ongoing graduate program in Data Science and Machine Learning has further solidified my passion for Data Science and my desire to use this knowledge to contribute to solving real-world and complex problems.

I would be honored to have the opportunity to join the team at the Expertise France. I am available to start an working and am eager to demonstrate my commitment and work ethic during this internship.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further and how I can contribute to the success of your company. You can reach me   at   +250780673533   and   email: cishimwe@andrew.cmu.edu   or ishimweclaude078@gmail.com

Sincerely,

Claude Ishimwe
